Outputs

Aktionen
Direkt an Switch

Getriggert durch Event
Bsp. Knopf auf dem Client

- Tag / Nacht Umschaltung blockiert
- Autofokus blockiert
- Farbe verstellt
- Kamera eingefroren

Natürlich müssen SNMP Command wie put blockiert werden

Topology View

Home > Graphical Monitoring > Topology View

The diagram shows a central server node (represented by a server rack icon) connected to a network of client nodes. The client nodes are represented by various icons: a mobile phone, a laptop, a tablet, and a server rack. Some of these client nodes have red circular icons with numbers (1, 2, 3, 4) next to them, indicating errors or status issues. The diagram is titled 'Topology View' and includes navigation controls like zoom in (+), zoom out (-), and a refresh icon.
